

Our mission is to provide an environment that respects and honors the personal dignity of our residents.

We recognize and address the unique struggles of living with Alzheimer's or other related dementias.

Our hope is that you experience the finest of care and community as you start a new chapter of life at The Haven.

Located at the corner of Smallhouse Road and Cave mill Road, Massey Springs is conveniently located near I-65, medical facilities and Western Kentucky University.

THE HAVEN

MasseySpringsSeniorLiving.com

Welcome to
THE HAVEN
at Massey Springs Senior Living

The Haven at Massey Springs Senior Living is our Memory Care Community specializing in support for residents who have dementia or Alzheimer's.

The Haven offers a unique building design with features such as an intimate residential setting, a secure building for physical safety of our residents and a nighttime motion activated monitoring system.

We welcome and encourage the involvement of family members and loved ones as an essential part of our caregiving team. Our care planning process begins at admission as our Clinical Director works with each new resident and their family members to assist them with education, self-care, and understanding the disease process to ensure that we provide the best care possible!

Our resident specific plan of care is designed to enhance a resident's ability to maintain independence, mobility as well as nurture a caring, home-like environment to ensure safety! We provide 24-hour nursing staff with medication management and open communication with our medical doctors and nurse practitioners. We coordinate lab, x-ray, and therapy services for residents that can be done in our facility.

We strive to offer residents and their families the confidence that every step has been taken to ensure that each resident's needs are met in a loving and dignified manner.
