

# The Haven

**JUNE  
2026**

## **BACK TRACK TO MAY**

May was such a fun and exciting month at The Haven! We celebrated with a festive Cinco de Mayo party, hosted a lovely Mother's Day Tea filled with special moments and smiles, and enjoyed a wonderful Lunch Bunch outing to Double Dogs. Throughout the month, we experienced so many fun new activities and created countless memories together. We are all so excited to see what fun we can get into this June!

## **REMINDERS**

Please check the lobby mailboxes and keep an eye out for emails about our sweet residents and upcoming activities. If you would like to join us on any of our outings, please call or email Jenny!

# SPOTLIGHTS

Stacy Brackett is happily married to her wonderful husband, and together they love serving and worshipping God. She is the proud mother of three beautiful daughters and a loving "May May" to two precious granddaughters, with her first grandson expected to arrive in the coming weeks. Stacy has been an occupational therapy assistant for nine years and has spent the last seven years working at Massey Springs Senior Living. She has a true passion for working in memory care and assisted living, with a special heart for caring for elders. Her passion is helping and giving to others while inspiring and encouraging people throughout their journeys.

Irmgard Mercer was born in East Prussia, which was part of Germany before World War II. During the war, she and her grandmother escaped the Russian invasion by walking for six weeks to the port city of Danzig before reaching western Germany on a Red Cross boat. After the war, she completed her education and worked as a secretary for a German newspaper.

While on vacation, Irmgard met her husband, John Mercer, a U.S. Army soldier. She became a U.S. citizen in 1955, and together they traveled to many places during his military career. After his retirement, they built a successful family business, owning six Blue Bird Food Mart stores in Radcliff, Kentucky.

Irmgard later managed the businesses herself before working in real estate for many years. In 2018, she moved to Bowling Green to be closer to her daughter. She and her daughter have enjoyed traveling together to many parts of Europe, creating wonderful memories along the way. Irmgard enjoys reading historical fiction, especially books about British monarchs, spending time on her computer, and going out to lunch to visit with friends. She is also known for her wonderful sense of humor and often says, "They shouldn't call them the golden years — they should call them the rusty years because everything rusts out!"
